Feature :

- ☺ Temp. Range -15deg C to + 70deg C
- ☺ High-definition 26AWG shielded precision video coax delivers crystal clear video.
- ☺ High quality insulation resistance with less chances of current leakage.
- ☺ Extra flexible & easy to strip for connectorisation & installation.
- ☺ Low capacitance provide error free data transmission.
- ☺ Voltage 250 V/ 600V

Construction	
Video Cable	Co-axial Cable
Type	75 Ohm
Inner Conductor	26 AWG
Material	Annealed Bare Copper with 99.97% cu purity
Dielectric Material	PE
Braiding/ Mesh	Aluminium Alloy/ Annealed Bare Copper
Sheath	Special PVC Type ST-1 as per IS-5831:1984
Sheath Color	Blue (Alu Braided) & Brown (Copper Braided)
Impedance (Nominal)	75 Ohms +/- 4
Capacitance (Nominal)	67 pF/mtr
Dielectric Constant	2.3
Velocity of Propagation (Nom)	66%
Power Cable	Power/ Audio
No of Core	1/ 2/ 3/ 4
Conductor Size	26 AWG
Insulation	Special PVC Type-A as per IS-5831:1984
Core Color	Red, Black, Yellow, Blue
Jacket	Special PVC Type ST-1 as per IS-5831:1984
Jacket Color	Blue/ White/ Black/ Grey
Packing	100 Mtr /Yards & 90 Mtr/ Yards, other sizes also available on demand
